A New Book "Vendetta!" by William Brauer (John Wiley, 1998) is out pushing R.F.K. and J.F.K. trying to Big Fidel! 3/16/98

Dear Hal, AND 3/24/98

Came across a great quotation from the French poet, Andre Chenier, who went to the guillotine. He made reference to "Crimes so great that they make the laws themselves tremble." Those are the state crimes you have investigated.

The "exorbitant" element was the two years of almost total media silence. The New Republic had an article by Jack Miniz and The Nation one which it took off on or it died on Fred Cook. Lane and The National Guardian ---.

I think I told you I got interested when Lewis Cohen told My Mom", Tommy the Cork" told Matt "No way Oswald and that Cheap Gun did it all!" Years later I learned Matt as U.S. Attorney put Rosselli in Jail!

I asked Matt, My Dad's best friend, about his opinion and he was adamant which was Not like Matt. Later I also learned he was one of the three lawyers

was manufactured by the CIA.
I got Buchanan's book in Canada!
I kept thinking there was in the Media! Two years of silence. That is spooky.
Certainly the rejection of "Whitewash" was not for commercial reasons.
Why would Clinton's enemies like Ron Brown? He was unable investigation and was more valuable to them alive than dead. Gregory is a nice guy but far out.
The Brinkley review in the New Yorker is fresh but fair.
L.B.J.'s 'Bellib in The Costner retaliation theory interest a cover-up. He told Howard K. Smith, Kennedy was trying to get to Castro but Castro got to Kennedy first." Re: Castro Cuba bad. Clinton's comment to Webb Hubbell is odd.
Do you have a title for your manuscript?

Sincerely,
E.O. Williams

Interestingly, William Buckley, Howard Hunt's contact, wrote a Castro Bill and J.F.K. novel, Mongoose R.I.P., Random House 1987.
